

## Invitation on behalf of EEB I and OSGES

### World Ocean Day conference for the European School community

On **Tuesday the 7th of June 2022** (before the World Ocean Day on the 8th of June), at **6:00 PM – 7:30 PM**, the European School Brussels I Uccle - Berkendael (European Blue School label) will welcome **Mr. Thomas Lesage** from the association **Children for the Ocean**. This 19-year-old Frenchman trains young people to **protect the Ocean**.

On this occasion, an **online conference** will be open to the entire community of the European Schools.

Mr. Thomas Lesage will speak in English for 45 minutes (a solution for automatic translation of online texts is envisaged for accessibility to all language sections in our schools). **This online event aims for a young citizen to speak to the citizens of tomorrow, our pupils. Families, teachers and staff will also be welcomed.**

Following Mr. Lesage's speech, we'll give the floor to **pupils and teachers to share their initiatives** on protecting the oceans. Selected schools will have a few minutes to present an educational project already carried out or planned.

The pedagogical team of this project - Marine Grégoire and Mathieu Girot (with the help of François Jourde from the Pedagogical Development Unit) - are at your disposal for questions.
